February 11, 2004

Dear Donna,

REMINDER: Help Protect Santee's Future! **Vote NO on Proposition X.**

A special election will be held in the city of Santee on Tuesday, February 15, 2005. Proposition X will cost Santee residents \$9.2 million dollars and result in funding cuts for a new fire station, new recreational facilities, schools and programs for seniors.

Proposition X was written by a San Francisco attorney without public review or community input and will drastically change Santee's approved General Plan that is the product of 25 years of community involvement and public participation.

The BIA is urging all of its members who live in the city of Santee to Vote NO on Proposition X.

Join Santee Firefighters and the Deputy Sheriffs Association in voting NO on Proposition X.

PROPOSITION X IS BAD FOR SANTEE AND BAD FOR OUR FUTURE.
